<b>Ingredients</b>	<b>Large – 2 pounds</b>	<b>Medium – 1½ pounds</b>	<b>Small – 1 pound</b>
Milk, regular or lowfat, 80°–90°F	½ cup	½ cup	¼ cup
Eggs, large, at room temperature*	4	3	2
Unsalted butter, cut in ½-inch pieces, at room temperature	8 tablespoons	6 tablespoons	4 tablespoons
Granulated sugar	2 tablespoons	1½ tablespoons	1 tablespoon
Powdered milk	2 tablespoons	1½ tablespoons	1 tablespoon
Salt	1½ teaspoons	1 teaspoon	¾ teaspoon
Bread flour	3¾ cups	2¾ cups + 1 tablespoon	1¾ cups + 2 tablespoons
Yeast, active dry, instant or bread machine	3 teaspoons	2½ teaspoons	1½ teaspoons
<b>Egg wash – 1 large egg beaten with 1 tablespoon water</b>			

Place the milk, eggs, butter, sugar, powdered milk, salt, bread flour, and yeast, in the order listed, in the bread pan fitted with the kneading paddle. Place the bread pan in the Cuisinart™ Convection Bread Maker. Press Menu and select Dough/Pizza Dough. Select dough size. Press Start to mix, knead and rise. This dough is very soft; it is recommended to scrape the bowl after 10 minutes of kneading to ensure even distribution and mixing of ingredients. When dough cycle is completed, remove dough, punch to deflate and transfer to a well-buttered bowl. Cover with plastic wrap and refrigerate for 1 hour.

Deflate dough and divide into the number and size brioches desired. For 1 or 1½-pound brioche, remove ¼ of the dough. Shape the larger piece into a ball and press into a buttered 6-inch brioche mold. Press a hole in the center about 1 inch deep. Shape the smaller piece into a ball and place in the center hole. For individual brioches, follow the same shaping directions, and place in ½-cup brioche molds. Cover loosely with plastic wrap and let rise in a warm (90°F), draft-free place about 45 minutes. Preheat oven to 350°F.

Brush brioche(s) with egg wash. Bake in preheated oven for 15 to 20 minutes for individual brioches, and about 20 to 30 minutes for larger brioches, until rich golden in color and hollow-sounding when tapped. Remove from pans and transfer to wire rack to cool. Bread slices best when allowed to cool.

Bake in preheated 350°F oven for approximately 25 to 30 minutes until it is dark golden and sounds hollow when rapped on the bottom. Once finished, remove from pan and transfer to wire rack to cool. Bread slices best when allowed to cool.

Cut 1-inch wide strips from edge of filling to edge of dough along 18-inch sides. Begin braid by folding top row toward filling. Alternately fold strips at an angle from each side across filling toward opposite side. Fold bottom row toward filling and finish by stretching last strip and tucking under. Preheat oven to 350°F.

Cover and let rise until nearly doubled. Brush with egg wash. Bake in preheated 350°F oven for 30 to 40 minutes until golden brown and filling is set. Remove from oven. Slide parchment and braid onto a wire rack, and pull parchment out from under the braid. Allow to cool. Serve plain, dust with powdered sugar, or drizzle with vanilla glaze.

## Tips and Hints for Last-Minute Loaves

When making Last-Minute Loaves it is important to remember a few things:

These breads are best consumed within 2 hours after preparing.

Allow the bread to cool before cutting to allow the structure to develop properly. Or allow to remain in the Bread Maker for the 60-Minute Keep Warm cycle before serving.

When preparing these loaves, bring all solid ingredients to room temperature and liquids to 100°F.

It is necessary to use rapid rise yeast when making Last-Minute Loaves – do not substitute instant or bread machine yeast for the rapid rise yeast.

The texture and rise of the bread is greatly improved by adding vital wheat gluten to the mixture – in a pinch it can be left out, but keep it on hand for Last-Minute Loaves.

For a more classic/traditional bread, any of the following recipes may be made on the White cycle – use instant or bread machine yeast, reduce the amount of yeast used to 2 teaspoons, and omit the vital wheat gluten. To prepare using the Rapid White cycle, use 2 teaspoons rapid rise yeast, and add 1 to 2 teaspoons vital wheat gluten to enhance the rising.
