For all you who just could not buy in to the prepper thing or you just don't have the time . Then stop and read this NOW!!!, Cause you are out of time already!!!!!!!National stocks are low & getting lower on many items. Why listen to us, well you see we are his glory search & rescue team, we are the only professed Christian, professional international rescue team in the world, with over 23 yrs. Exp., so we did read about prepping, we wrote the book, cause we have been living the globe as volunteers, fully self contained, we know what products work, & last. Want PROOF, OK YOU,VE PROBALLY HEARD ABOUT A BUG OUT BAG, TO GET YOU TO YOU'RE SECERT PREPPER LOCATION, well that has a 90 % chance of failure since our government already emergency plans in place to stop all air traffic, cell phone communications, & even barracked cities of any great size, don't believe , the state of Texas has already practiced their scenario 3 times in the last 2 yrs. At least that we know of. Yea we no their plans cause we have to , in order to rescue people dying in disasters' behind barricades that the government controls. If you have a beef with that just give us a call at 409 201 6512, and we'll reeducate you over the phone in a very intense way of the real truth!!!!!!
