

Part 3 of ISLAM Versus CIVILIZATION

Sex And The Male Muslim Quotes From The Koran:

The whore and the whoremonger - scourge each of them with an hundred stripes; and let not compassion keep you from carrying out the sentence of Allah; if ye believe in Allah and the last day: And let some of the faithful witness their chastisement.

If any of your women be guilty of whoredom, then bring four witnesses against them from among yourselves; and if they bear witness to the fact, shut them up within their houses till death release them.

And whoever of you is not rich enough to marry free believing women, then let him marry such of your believing maidens as have fallen into your hands as slave.

Forbidden to you also are married women, except those who are in your hands as slaves.

(Muslim girls seldom dare to give sex before marriage. Boys seldom dare to even try.

Their best chance for sex is an eternal orgy in Paradise as a reward for heroes.)

THE KORAN'S PROMISE OF PARADISE

10

And they who were foremost on earth — the foremost still.

These are they who shall be brought nigh to God,

In gardens of delight;

A crowd of the former

And few of the latter generations;

On inwrought couches

Reclining on them face to face:

Aye-blooming youths (handsome young boys) go round about to them

With goblets and ewers and a cup of flowing wine;

Their brows ache not from it, nor fails the sense:

20

And with such fruits as shall please them best,

And with flesh of such birds, as they shall long for:

And theirs shall be the Houris, with large dark eyes, like

pearls hidden in their shells,
 In recompense of their labours past.
 No vain discourse shall they hear therein, nor charge of sin,
 But only the cry, 'Peace! Peace!'
 And the people of the right hand- oh! how happy shall be the
 people of the right hand!
 Amid thornless sidrahs,
 And tall trees clad with fruit,
 And in extended shade,
 30
 And by flowing waters,
 And with abundant fruits,
 Unfailing, unforbidden,
 And on lofty couches.
**Of a rare creation have we created the Houris,
 And we have made them ever virgins.**

**The following two definitions came
 from the 1889 edition of The Century Dictionary**

"houris Among the Mohammedans, a nymph of Paradise. In the Koran the houris are represented as beautiful virgins, endowed with unfading youth and immunity from all disease. Their company is to form the chief felicity of the faithful.

nymph In myth., one of the numerous class of inferior divinities, imagined as beautiful maidens, eternally young, who were considered as tutelary spirits of certain localities and objects, or of certain races and families, and whose existence depended upon that of things with which they were identified."

So houris are not flesh and blood human females. They are spirit beings, only the fantasies of Arabic mythology. Mohammed promised suckers who would give their lives for his cause, an eternal wet dream , a cruel, even murderous fraud. ~ *Kurt Saxon*

Sura 2

Thou art our protector: give us victory therefore over the infidel nations.

Sura 3

Oh ye who have believed! form not intimacies among others than yourselves. They will not fail to corrupt you. They long for your ruin.

And if shall be slain or die on the path of Allah, then pardon from Allah and

mercy is better than all your amassings;
For if ye die or be slain, verily unto Allah shall ye be gathered. And refute not those slain on Allah's path to be dead. Nay, alive with their Lord, are they richly sustained.

Sura 4

O believers! devour not each other's substance in mutual frivolities; unless there be a trafficking among you by your own consent; and commit not suicide.

Men are superior to women on account of the qualities with which Allah hath gifted the one above the other.

The main weakness of the male Muslim is his delusion that he's a man. But his belief system and his culture prevents maturity.

The Koran says, "Men are superior to women on account of the qualities which Allah hath gifted one above the other" and "Men are in charge of women".

After a Muslim boy outgrows his love for his mother because of dependence, he sees her only as an ignorant drudge, dominated and enslaved by his father. So he doesn't develop normal feelings toward women. Without normal feelings toward half his species, he can't mature. So, like his own father, he is in a state of arrested adolescence, a teenager, regardless of his actual years.

As you already know, most boys don't really like girls. To a boy who hasn't reached puberty, girls aren't of much use or interest. But after puberty, the normal boy is sexually attracted to girls and becomes emotionally attracted and will bond with a girl, as Nature has decreed.

But the boy who is not able to become emotionally attracted to a girl will become emotionally bonded with other males. He needs sex but he doesn't like females. Unless he becomes an active homosexual, his emotional and often unconscious attraction to his buddies is repressed, giving him guilt feelings and doubts about his masculinity. This is the abusive boyfriend and husband. He will not admit, even to himself, that underneath his show of masculine domination, he would be better off turning himself in at the nearest gay bar.

This pattern is random in our culture, but typical in Muslim cultures. To the Muslim male, sex is for reproduction and if to fulfill

a need, is somehow degrading, as he needs something from an inferior. So is it any wonder that most male Muslims are latent homosexuals?

To carry through on the teenager analogy, consider the Muslim nations. They are each run the way teenagers would run a nation. They are immature in every respect. Every Muslim nation is a despotism and except for the oil-rich nations, they are all impoverished.

Their leaders, like most teenagers, are immature, ignorant and primitive. They believe they know everything, can do anything, can get away with anything, are always right and everyone else is wrong. In short, they can't be reasoned with and also like teenagers, have no grasp of the laws of cause and effect.

Most Muslim males are noticeably effeminate, in spite of their beards and guns. It is common all over the Middle East to see two males walking hand-in-hand. And what other belief system demands the faithful to pray five times a day with his behind in the air, as if inviting Allah to sodomize him? (This is legitimate derision. The Christian prays standing with head bowed, in respect. The Muslim prays groveling on the floor, like a whipped cur).

Although their belief system forbids homosexuality, they do it whenever they think they can get away with it. But it is promised in the hero's afterlife.

It isn't at all far-fetched to see their bravery as an attempt to leave a usually impoverished, sexually repressed and miserable Earth life for an eternity of whoopee with other males. All their courage could mask the fact that they are simply desperately yearning for boys, not to mention, gullible.

I'm not sure what names they call each other relating to homosexuality. But in the movie, "Lawrence Of Arabia", Omar Sharif calls another Arab, "thou tulip". In that case, there are more tulips in Middle East than in Holland.

IS ALLAH ALSO THE GOD OF ABRAHAM AND JESUS, AS CLAIMED BY

MUSLIMS?

FROM THE ENCYCLOPEDIA BRITANNICA, NINTH EDITION, 1892

During his married life with Khadija, Mohammed came in contact with a religious movement which had laid hold on some thoughtful minds in Medina, Mecca and Taif. In Mecca, as elsewhere, Arabian heathenism was a traditional form of worship, chiefly concentrated in great feasts at the holy places; it was clung to because it had come down from the fathers. The gods were many; their importance was not due to the attributes ascribed to them, but to their connection with special circles in which they were worshipped. They were the patrons of idols and tribes, and symbolized, so to speak, the holy unity which united the present and past members of these. Above them all stood Allah, the highest and universal God.

The particular gods are said to have been regarded as children of Allah. It appears that the Meccans called their goddesses daughters of Allah; perhaps it was their disputes with Mohammed that forced them to this view. At first, certainly, al-Lat and al-Ozza were names of the wife of the supreme god; sexual dualism dominated in the oldest Arab idea of the godhead. It was Mohammed who first reduced the gods Jinns-i.e. to subordinate demons and kobolds - as he did not deny their existence, but only stripped off their divinity.

By Allah the holiest oaths were sworn; in his name (Bismika Allahumma) treaties and covenants were sealed; the lower gods were not fit to be invoked in such cases, as they belonged to one party instead of standing over both.

DID MOHAMMED CREATE A UNIFYING RELIGION TO BE PASSED ON AFTER HIS LIFETIME, OR WAS HE JUST A CULTIST GATHERING A FLOCK OF SHEEP TO SHEAR? IT SEEMS HE HAD NO THOUGHT TO BENEFIT

ANYONE WHO OUTLIVED HIM.

FROM THE SAME SOURCE:

When Mohammed died, the separate pieces of the Koran, notwithstanding their theoretical sacredness, existed only in scattered copies; they were consequently in great danger of being partially or entirely destroyed. Many Moslems knew large portions by heart, but certainly no one knew the whole; and a merely oral propagation would have left the door open to all kinds of deliberate and inadvertent alterations. Mohammed himself had never thought of an authentic collection of his revelations; he was usually concerned only with the object of the moment, and the idea that the revelations would be destroyed unless he made provision for their safe preservation, did not enter his mind. A man destitute of literary culture has some difficulty in anticipating the fate of intellectual products.

WARNING FOOTNOTE!

CNN says there are three million Arabs in the U.S., all Muslims. They work out of local mosques, from which they can draw on the Muslim community for support. The nineteen hijackers of 9/11 were all Arab "students". Osama Bin Laden is, or was, an Arab, as well as most of his cronies and most al-Qaeda. Muslim apologists say the Arabs here are mostly intelligent college types, the majority being students.

Why would such a small country as Arabia, which is a Muslim theocracy and despotism, owned by the Saudi royal family, allow so many of its brightest and best, out of their country? They wouldn't be allowed out if there were any chance of their being corrupted by the "Great Satan".

Middle Eastern, and most other Muslims are indoctrinated from childhood to hate everything non-Muslim.

So we have three million brain-washed fanatics here among America's eight million Muslims.

Rumsfeld have gone on and on warning about terrorist attacks here, three hundred million dollars were spent securing the Olympics, but nothing

happened. Maybe nothing was supposed to happen.

The Saudi royal family has two main fears. The first is that if they don't support terrorism against the "Great Satan", their largely ignorant, primitive fundamentalist population will overthrow them.

Their second great fear is of the American military stationed in their country and around the Middle East. In case the Middle east becomes so unstable as to threaten America's oil interests, they believe the U.S. would simply take over the oil fields.

In this case they would have no choice but to signal a wholesale attack on the United States by the three million agents they have here. This would not require planning or skill. There would be no need for another 9/11. If only a hundred thousand, or even ten thousand Arabs were to each murder his neighbors, shoot a lone policeman, shoot a few people in an airport lobby, firebomb a store, etc., total chaos would rule.^ The country would stop.

Of course, America's eighty million gun owners would then open up on anyone looking Middle Eastern. There wouldn't be an unburnt mosque or unlynched mullah. Our police and military would be helpless to prevent it. America's military would take over the oil and slaughter millions of Muslims.

World Islam would then explode and kill every non-Muslim they could get at in anticipation of Allah's final victory over the "Great Satan". Then World Islam would share the fate of National Socialism, militant Shinto and Communism.
